

I  
If it were your child,  
would you skip its annual checkup?

Obviously, you care enough about your home to protect it with Termidor. But even a home protected by America's #1 Termite Defense Product needs regular inspections by a pest professional. Think of them the same way you think of annual checkups for your child. With Termidor and us watching over your home, it will stay termite-free year after year after year...

*A happy Termidor® home requires regular inspections by a pest professional.*
